Roof Armor Treatment EVERY 12 Months

Roof Stains are caused by algae and mold, by the time you see a stain from the ground, there are MILLIONS of algae and mold that have built 'cities' on your roof. This can happen as quickly as 18 months.

Roof Armor Treatment (with MoldSTAT plus)

Use every 12 months and wipe out algae and mold colonies **BEFORE** they grow large enough to become visible from the ground as roof shingle stains.

**Apply Roof Armor
Every 12 months**

HINTS / TIPS

- ◆ **Why does the Roof Armor Stain Blocking Treatment work?**
Nothing can prevent mold and algae from landing on your roof, but using the Roof Armor Treatment and applying Mold STAT plus every 12 months, the growth of mold and algae is interrupted so the mold and algae colonies never grow large enough to appear as stains!
- ◆ Roof MUST be CLEAN
If stains are present use ROOF QSE or ROOF OX Cleaners
- ◆ Apply Roof Armor around the **same month every year**
- ◆ Do not apply when raining
- ◆ Safe near plants, and pets
- ◆ Avoid inhaling over mist
